

## **2 Corinthians 3:1-6**

### **1) Paul's Authority is from God - Let God Defend You**

What are our current day letters of recommendation?

How do people earn your respect?

What things do you respect in other people?

With whose authority did Paul speak?

What does it mean "a letter...written not with ink but with the Spirit of the living God?"

Why does it matter that this letter is written "not on tablets of stone but on tablets of human hearts?"

### **2) Paul's Value is in God - Let God Build You Up**

What confidence does Paul have through Christ toward God?

What are the claims of Christ?

What are those claims based on?

How are we sufficient to make these claims about Christ?

### **3) Paul's Life is Because of God - Let God Give You Life**

What is the new covenant?

How does the "letter" kill?

How does the "Spirit" give life?

How has the New Covenant changed your/our relationship with God?
